

Child Support Ambassadors

To ensure children thrive

The Los Angeles County Child Support Services Department (CSSD) assists parents by helping secure financial support for their child or children.

In addition to in-office services, selected Child Support Specialists called Child Support Ambassadors also provide assistance in the field in a variety of ways, such as:

- Educating parents, families, and other interested parties on the child support process and providing on-the-spot case assistance and services using mobile technology.
- Answering questions at resources tables at community events and fairs.
- Leading workshops and presentations for staff who work with children and families so that they can learn more about the child support process and better assist their customers.

If interested in one of the above services and to learn more, please contact us at:

outreach@cssd.lacounty.gov
